How did you hear about Create Recovery and this funding opportunity? _____

APPLICATION FORM

We are currently accepting applications for small grants of up to £500. These grants are for individuals in recovery wishing to pursue creative projects. Please complete all of the following three sections, paying close attention to the questions and answer notes.

Section 1

As the articles of our charity reflect, our core aim is to help people with experience of addiction actualize their creative potential.

As such please describe the following;

- a) **Your experience of addiction and subsequent abstinence based recovery** (For example your experience of addiction, treatment, therapy and/or commitment to abstinence as evidenced by sustained behavioral change/attending support groups/volunteer or community work).
WORD LIMIT (225)
- b) **How this funding will help you actualize your creative potential?** (For example, your current or previous creative pursuits or portfolio of work, we include work completed on your own/we do not require evidence of formal artistic training, rather we value creative drive and a committed desire to develop creative pursuits. If you wish you can attach a CV in addition to completing this section (but not instead). Please note we understand “gaps” in employment or training are common for members of our recovering community, where you can please just inform us of the circumstances of such gap). **WORD LIMIT (225)**

Section 2

- a) Please provide details of your project (What do you intend to use the funding for? Please attach photographs, video files or other imagery to explain your project). WORD LIMIT (225)

- b) Please provide a simple outline of a budget (Such as cost of equipment, travel, venue hire etc.). WORD LIMIT (150)

A large, empty rectangular box with a thin black border, intended for the applicant to provide details of their project and a simple outline of a budget. The box is mostly empty, with a faint, colorful abstract graphic in the bottom-left corner consisting of various colored splatters and dots in shades of green, blue, purple, and pink.

Section 3

As our articles reflect, Create Recovery aims to build a community of recovering individuals working in creative fields.

As such please describe in detail the following;

- a) How your project will benefit others and/or contribute to building a sense of community for recovering artists and creatives. This could be your immediate family, friends, recovery community or online recovery group. The impact expected for an individual grant is lower than that for a community grant. WORD LIMIT (225)
- b) How your project will benefit Create Recovery. (For example will you provide a report of your project, film or document your work, fundraise for donations as part of the project, contribute to our blog, or donate art work on completion of your grant). WORD LIMIT (150)

LIST OF ATTACHMENTS

If you intend to attach any photographs, video files or any other supporting documentation please write a list of these here. (Maximum 4 attachments per application)

- 1.
- 2.
- 3.
- 4.

*Please email an electronic copy of this form to Cassie Hogan at the following address,
